

Thank you for wanting to download the Islam Comic Book – *Mohammed's Believe It or Else!*

Due to overwhelming response from around the world, we have had to move the PDF files to a new location on a new server. This necessitates a modest charge for the file.

On the one hand, we apologize for the inconvenience. On the other hand, we want to see, as you do, that the Islam Comic Book is distributed worldwide. And that requires bandwidth and time, both of which cost money.

You can help pay your small (but we think reasonable) share of the costs by downloading the Islam Comic Book from our Company Store at this web address:  
<http://islamcomicbook.com/companystore.htm>.

Thank you for your understanding and cooperation.
